SOLDIERS WILL BE SENT TO CHICAGO

Employers Association Decide Upon This Course.

LABOR LEADERS OPPOSE PLAN

Disorders Continue in Chicago and Several People Fatally Injured—Employes Claim More Wagons Will Be Moved that Any Time Since Strike.

Chicago, May 5.—The effects of the teamsters' strike have reached the Lake Transportation companies and seriously crippled the large freight business which is usually done at this time of the year. Owing to the inability to have goods transferred from the railroad depots to the docks all the principal steamship lines either have abandoned or curtailed their service.

A. M. Compton, chairman of the ways and means committee of the Chicago Commercial association, has issued a special notice to the members with reference to orders and shipments. The notice reads:

"The aggregated reports are being circulated through the country to the effect that the commercial facilities of Chicago are handicapped by reason of a strike of union teamsters.

"To the end that commercial interests of Chicago may not be injured by this exaggerated report, the members of this association are requested to notify their traveling salesmen and the trade generally of the fact that orders are being filled promptly. Shipments are being made as usual."

With employers preparing to press a demand for troops, violence in the teamsters' strike showed no signs of cessation today. The very first outbreak resulted in a fatality. The riot took place near the barns of the employers' teaming company in Eighteenth street near State. Charles Riebling, a white man, who resides in the vicinity received a fractured skull and is expected to die. He was standing in a crowd which started to jeer a nonunion negro teamster, who was guarded by five detectives. The negro suddenly picked up a stone and threw it into the crowd. Riebling was struck on the head and sank to the ground unconscious. The crowd chased the negro into the stable of the teaming company, but were driven back by private detectives wielding "billies" and pieces of gas pipe.

Police reinforced the detectives and pacified the crowd by demanding that the negro be surrendered. The police entered the stables but were unable to find Riebling's assailant. Riebling, unconscious, was taken to the People's hospital.

The police today anounced that they were prepared to escort 800 wagons for the wholesale and retail strike bound stores and 350 express wagons This, it was stated, would be the greatest number of wagons moved one day since the beginning of the strike.

The Chicago Team Owners' association consisting o flarge teaming firms not affiliated with the Employers' Teaming association, made a new move today by attempting deliveries to boycotted houses. While attempting to deliver to these houses, the Team Owners' association was specific in anouncing that it would not be drawn into the strike, and would continue the discharge of drivers who refused to make such deliveries. We will continue to make every effort possible toward peace, said Chairman Taft, of the peace committee of the Team Owners' association, although all our work heretofore has been in vain."

A second disturbance at the stable of the Employers' association in Eighteenth street today John Dansberry, a nonunion negro teamster, was shot. He had attempted to strike a boy who shouted an offensive epithet. A number of strike sympathizers instantly made for the negro, and began to throw bricks and stones at him. Private detectives rushed to Dansbury's aid. A general fight ensued during which Dansbury received a bullet in the leg. It was necessary to take him to a hospital.

Joseph Lang, barn boss, for a large mercantile firm, was arrested, charged with the shooting.

Measures are being taken today to secure the ordering out of the Chicago brigade of state militia tomorrow.

Notwithstanding the bitter oppositon of the labor leaders to this move and the disinclination of Mayor Dunne to take the initiative in the matter the Chicago employers' association was determined to have soldiers on the streets at once to suppress the rioting. What measures would be taken to get the troops was a matter surrounded with which secrecy by the officials of the association. Under the law the governor of Illinois has the right to order out the state militia without any specific demand upon him if he becomes convinced of the need for troops, although another section of the law provides that a method of appeal to the governor for troops through the sheriff, mayor, coroner or county judge.

On the 19th anniversary of the Haymarket riot, eight persons were suddenly blown to to pieces and 66 were frightfully wounded, the police today found themselves coping with mobs.

RAILWAY CONGRESS IN SESSION.

Notable Gathering of Railroad Men From All Over the World.

Washington, May 5.—The International Railway congress was formally opened today by Vice President Fairbanks. The congress is the seventh in the history of the organization and the first to be held in the United States. Every railroad of importance in the world is represented.

There are 450 delegates present. Double this number is expected, 300 of whom are from foreign countries. The congress is regarded as a scientific organization and it is held every five years, devoted to the discussion of subjects to promote the progress and devoted to the discussion of subjects to promote the progress and development of railroads. The congress is meeting in the banquet hall of the New Willard hotel. In caling the congress to order, Vice President Fairbanks discussed at some length the purposes of the congress.

Ernest Girard, president of the permanent congress made an address in French. He said the mileage of the steam lines systems in Belgium in comparison to the territory, is the greatest in the world, with a traffic unsurpassed. He paid a tribute to the railroad progress in this country and emphasized the importance of this meeting. President Stuyvesant Fish, of the Illinois Central, and the American Railway association then formally took the chair.

BIG FLOODS IN COLORADO.

Small Streams Have Become Rivers of Raging Waters.

Holbrook, Ariz., May 5.—The flood waters of the Little Colorado river reached their highest here at 2 a. m. today when they began slowly receding. At his hour it has fallen 4 feet and all danger appears to be past.

The damage to Holbrook will be slight but the town was saved by a very narrow margin, the river cutting to within ten feet of the residences.

The waters are still wearing away the banks next to the town, however, and all hands today are working to stop the cut.

Wood bags are being filled with sand and dropped over the bank into the river, forming a rip-rap. So far as known there has been no loss of life with the exception of one Mexican who was drowned.

At 1 o'clock this morning, the little Colorado river, normally a stream of insignificant proportions, was a raging torrent four and a half miles wide and filled to the edges with debris of all descriptions from the valley above.

The damage to the rich valley through which the flood came will reach into the hundreds of thousands of dollars.

Barge Sinks with All Aboard.

Newport, R. I., May 5.—The tug Gertrude put into this harbor today and reported the loss of a barge Moonbeam in a gale off Point Judith last night with all on board, including the captain, engineer, steward and two children of the captain. Captain Halyburton, of the towboat, did not know the names of any of those drowned.

ANOTHER MISTRIAL IN PATTERSON CASE

The Second Jury Has Failed To Agree Upon A Verdict.

ACTRESS FALLS IN DEAD FAINT

For the Second Time Twelve Men Fail to Acquit or Convict Woman of Murder—It Is Believed She Will Be Released on Small Bail.

New York, May 5.—Dramatic in the extreme were the closing scenes early today, of the Nan Patterson trial before Recorder Goff on the charge of having murdered Frank T. Young, the well known turfman and bookmaker in a cab last June.

When the foreman had finally assured the court that there was no possibility of reaching an agreement, the prisoner was in a dead faint. At 2:28 o'clock, the recorder declared the jury discharged and ordered Miss Patterson returned to the Tombs prison. She was carried out in a chair by several attendants and two doctors had a hard time restoring consciousness.

When told of the decision she smiled faintly. In the streets below thousands of persons, held by mounted police, cheered the news, but were somewhat disappointed. They evidently favored the young woman and had expected her acquittal.

Various rumors gained currency as to how the jury stood. Information received by the Associated Press is that the poll stood 7 to 5 in favor of acquittal.

It is quite certain that the former show girl will be given her liberty on a nominal tail, and that the indictment will be quashed. She had faced trial three times—twice the jury disagreed and once there was a mistrial owing to the collapse of a juror.

In the court annals of this city nothing has yet approached the tensity of the climax in the Patterson case.

When Recorder Goff was summoned to court soo nafter 1 o'clock the room was filled with spectators, two of whom were women. Only those possessing permits were allowed to enter, but the streets surrounding the Tombs and court house were many awaiting the outcome.

For a moment the recorder did not notice the non-arrival of the defendant and was about to call on the foreman for the verdict. Informed that the prisoner was ill Recorder Goff declared the court could not proceed, that she must be present. The minutes dragged slowly by.

Miss Patterson appeared at length, leaning heavily on the arm of an attendant. She showed more strength than even her attorneys had hoped for. In crossing the "bridge of sighs" she had heard the shouts of the watchers below and seemingly every voice was attuned in her favor. Upon reaching the dock she grasped the railing for support, and gazed fixedly at the jury. When they announced their failure to agree and was sent back to further consultation, she collapsed and had to be carried from the room.

At 2:15 o'clock the same scenes were enacted. Miss Patterson was then in a state bordering on collapse. She trembled like a leaf when the jury filed in the second time and when the foreman finally made a personal poll of the jury announced that its members were fixed in their opinions and formality of the discharge had been completely she was in a dead faint. As the final curtain fell strong court attendants lifted the chair in which the unconscious woman sat and carried it away to the hospital ward of the prison. Physicians were hurriedly summoned but she could not be revived by ordinary methods. The prisoner's aged father clasped her in his arms chafed her cheeks and called her name repeatedly but she did not utter a word.

Finally, after nearly twenty minutes she became semi-conscious and 20 minutes later was able to speak.

In the meantime there was a great clamor among the other prisoners to learn the verdict adding an unusual touch to one of the most remarkable nights in the history of the Tombs.

The outside crowd melted slowly away and an hour after the jury was discharged the neighborhood had resumed its normal quietness.

Abraham Levy, counsel for Miss Patterson said today:

"I will apply for Nan Patterson to be admitted to a nominal bail at once The disagreement is equal to an acquital, so far as her liberty is concerned. It may be that the district attorney will apply to have her admitted to have her admitted to bail. If he does not then I shall take the steps. She will never be placed on trial again Of this I am certain. I am disappointed that she was not acquitted."

It was said at the district attorney's office today that the prosecution would not oppose the release of Nan Patterson on bail provided the sum was fixed at from $10,000 to $20,000. It is expected that Recorder Goff will be in his office today and it is possible that Miss Patterson may be released before night.

Julius Goldstein, one of the jurors collapsed at his home today from nervous prostration. The strain of the long night session of the jury completely exhausted him.

DIAMOND NECKLACE RECOVERED

$50,000 Worth of Jewels Returned to Mrs. W. K. Vanderbilt.

New York, May 5.—Dispatches received here from St. Augustine, Fla., stating that a diamond necklace owned by Mrs. W. K. Vanderbilt and valued at $50,000, the loss of which had been kept a secret, has been recovered. As a result of the investigation several baggagemen on the Florida lines have been arrested.

The Vanderbilt necklace was stolen on a recent visit to Florida. With other jewels it was placed in a trunk by her maid. When the trunk was opened no trace of it could be found although nothing else was missing.

The first baggageman arrested made a full confession as to the rifling of tourists' trunks and told of the disposition of a large amount of jewelry, but declined to say what had been done with Mrs. Vanderbilt's property. His sweetheart was shadowed and finally caught at a beach resort wearing the diamonds which she thought were merely paste. She surrendered the property at once. Search of the baggageman's home is said to have revealed many other jewels taken from trunks, some reported missing three or four years back.

ATTEMPT TO DESTROY LOCKS.

Bulkhead Lock of Large Reservoir Is Blown Up by Dynamite.

St. Marys, O., May 5.—Another attempt was made early today to destroy the bulkhead lock on the east bank of the grand reservoir, one charge of dynamite having been exploded, but it was evidently the intention of the unknown miscreants to explode two charges of dynamite, thus blowing off the upper and the lower gates and allow the sea water to escape into the lowlands, and imperil the lives of many farmers.

The charge under the upper gates failed to explode. The explosion under the gates tore them from their fastenings and threw one of them clear from the lock. The heavy stone masonry was badly wrecked and dead fish are scattered over ground 200 feet from the lock.

Thomas Carper, an old fisherman, was slightly injured by flying splinters.

This is the second attempt to destroy the locks within a year. The state authorities have been appealed to in the matter.

King Edward Returns Home.

Paris, May 5.—King Edward left Paris today for London. He was accompanied to the depot by representatives of President Loubet and Foreign Minister Delcasse and many officials and friends including Baron and Baroness Alphonse de Rothschild. The latter presented the king with a superb bouquet of orchids and roses. His majesty bestowed a number of decorations of the order of Victoria and expressed the great satisfaction which he had experienced from his sojourn in France. The crowds acclaimed the king as the royal train departed. The newspapers comment favorably on the effect of King Edward's visit to Paris, particularly his democratic simplicity.

TRAFFIC SUSPENDED IN WARSAW RUSSIA

Unsettled Conditions Cause All Business To Cease.

TERRIBLE RIOT INSIDE CHURCH

Cossacks Swoop Down Upon a Religious Meeting and Killed Seven and Wounded Many Others—Riots Continue and Blood Flows.

Warsaw, May 4—4.05 p. m.—All business and street traffic practically ceased at noon. The officers and stores are closed and have their shutters up. Some of the houses are barricaded. A few merchants who tried to keep open were visited by pickets of workmen who ordered them to shut their places of business immediately. Nearly all the street cars have stopped running and the cab service is entirely suspended. Many cabs earlier in the day were stopped by parties of youths who compelled their occupants to alight in some instances forcibly throwing them out of the vehicles and then ordered the drivers to go home. Immense crowds having gathered at Bruno cemetery where the victims of Monday's shooting were interred.

Newspapers Are Suspended.

Warsaw, May 4—Noon.—Disturbances occurred in several parts of the city this morning and an extension of the troubles appears imminent. In the Wola district workmen forcibly stopped the street cars and cabs Cossacks were summoned. A man in the crowd fired a revolver and wounded a soldier.

The social Democrats appear determined to enforce their manifesto proclaiming a general strike and the observation of today as a day of mourning for the victims of May day disturbances.

No newspapers appeared this morning.

A terrible riot occurred at the church of the Holy Cross yesterday evening. While a number of Roman Catholics around the edifice began singing revolutionary songs a Cossack patrol came up at a gallop and began firing into a crowd of people huddled on the church steps. Some of the bullets entered the sacred edifice, striking the altar. Seven persons were killed. A panic inside the church followed and many people injured in the rush for the doors. After the crowds had dispersed workmen in groups fell upon a member of the secret police who was found alone in the streets and he was nearly beaten to death before he was rescued.

Japan Still Criticizes France.

Tokio, May 5.—The press of this city continues its sharp criticism of French neutrality in Indo China waters, and presses surprise and indignation at what it describes as the elasticity of France's pledge. The Jiji urges the government to adopt independent action for the protection of the national interests, and insists that the responsibility for the extension of hospitalities to the Russian fleet must rest upon France. It is understood that the Japanese government has addressed a note on the question of neutrality to France, but the nature of correspondence is unknown.

Russian Warship Sighted.

Island of Penang, Straits of Malacca, May 5.—The Russian warships sighted by the British steamer Zelanger this morning have been identified as the fourth division of the Russian second Pacific squadron, commanded by Rear Admiral Nebogatoff.

Arguments In Hargis Trial.

Lexington, Ky., May 5.—Arguments in the Hargis trial began today, Judge Hunt making the opening speech for the defense. The court refused to give instructions relative to Hargis being necessary before the fact, which was the contention of the commonwealth as to the defendant's guilt. All of the commonwealth's important testimony tended to show that defendant was guilty as an accessory.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Valuable Glass Broken.

One of the handsome and valuable plate glass panels in the show window of Joe Manasse's store was broken by some unknown person during Thursday night. While no opening resulted, the glass is broken beyond repair. The panel is at least a quarter of an inch in thickness, and it must have required a heavy blow to have broken it. The panel is one of the largest and finest in the city, and must have cost at least $40.

DR. LITTLE'S LECTURE.

Distinguished Ocala Divine Entertained Fine Audience Here.

One of the finest lectures ever heard in Gainesville was that of Dr. W. H. Little of Ocala, at the Seminary Auditorium Thursday night. His subject was "Chinese Gordon," and for nearly two hours he held the close and unwearied attention of his audience. It was a lecture permeated with the wholesomest philosophy of life, instructive, entertaining and inspiring, and expressed in the richest and choicest, yet simplest English. Dr. Little has a fine voice and a fine presence, and is as charming socially as he is great as a thinker and speaker. The lecture, while instructive and inspiring to young and old alike, is of especial worth and value to young men. The ideal of manhood he holds up is such as the world is particularly in need of today. Our Chautauqua has brought to Gainesville the past two years some of the best platform talent of America, but it is no exaggeration to say that the lecture by this distinguished Floridian, taken all in all, was as fine as anything that has been heard at the Chautauqua.

Prominent Lodge Man Here.

Among the prominent visitors to this city Friday was J. L. Rankin of Palatka. He was en route to High Springs, where Friday evening he paid an official visit to Alachua Tribe, Improved Order of Red Men, of which order he is Great Keeper of Records.

Mr. Rankin is one of the most widely known secret society men in the State. He belongs to a number of orders, in the majority of which he holds important offices. At the recent State Camp of the Patriotic Order Sons of America he was honored by being promoted from State Master of Forms to State President, which was a deserved compliment. He manifests a great deal of interest and spends considerable time attending to the duties of State offices of orders.

Mr. Rankin states that Palatka has "begun life anew." The Gem City is on the greatest boom since the 80s, and is growing rapidly. The city is now being equipped with a first-class, modern system of sewerage, many handsome buildings have been erected, and others are contemplated, among which is a handsome brick block, to contain eight stores, by the Merryday brothers, recent purchasers of the Putnam House.

JACKSONVILLE'S LIGHT RATE.

Said to be Cheapest Steam Illuminating Plant in the Country.

Just at this time, when there seems to be some opposition to the placing of meters by the Gainesville Gas and Electric Power Company, and in some instances protests upon what the protestors term "exorbitant" rates, the following is taken from a recent issue of The Florida Sun, Jacksonville.

It will be seen that even in Jacksonville, which is shown to be the cheapest steam plant in the United States furnishing illumination, that some consumers of that city are dissatisfied.

The Sun says:

"With the question of bonding being discussed for the extension of the light, water and drainage systems, the present light supply and the cost of it is having part in the discussion. Many are complaining of the light burden. Strange, others say, that anyone should complain of a light burden, as it is generally the heavy burden which brings forth groans. Some say that the minimum for lights is a burden within itself, and when added to the price of seven cents a thousand watts, the load is more than many poor citizens can carry. On the contrary, it is contended by the superintendent that very few cities pay as little for lighting as Jacksonville. There is a continual demand for more lights and cheaper lights; more lights for the streets and cheaper lights for the homes.

"As a reason why so many applications for street lights were refused, Mr. Ellis says that each of the eight street lighting circuits now in service are already taxed to the utmost capacity.

"'When these circuits were made and reconstructed immediately after the great fire,' said Mr. Ellis, 'they more than covered all the needs of the city and latitude was left, it was thought at the time, to cover all future demands for several years. The capacity of each circuit is fifty street lamps, while there are actually 538 lights now furnished the city. The over-taxing of a circuit would result in the burning out of insulation and leaving that section of the city in darkness.'

"The generating capacity of the plant, according to Mr. Ellis' figures, has not yet been reached. It is yet good for 300 kilowatts, but to supply additional lights it would be necessary to construct two more circuits and rearrange them all.

"According to the charter the city pays for its lights just as does an individual. The amount appropriated for the present fiscal year is $30,000. Mr. Ellis says that on business principles the city will be furnished with all the lights that it thinks it can afford to pay for, but a large enough contract must be given to warrant the expense of providing additional facilities. The cost of transformers and line material for two new circuits, he thinks, would be $6,000 to $8,000.

"Electricity is sold in Jacksonville, Mr. Ellis contends, much cheaper than in other cities. There is no charge for installation; 7 cents per kilowatt is charged, with a minimum rate of $2 per month.

"The capacity of the plant is nearly 36,000 16-candle power lamps. Mr. Ellis says he knows of no city in the United States, using steam generating power, where the rate is lower than 7 cents per kilowatt. There are, he says, one or two cities using water power that make a rate of 6 cents.

"In regard to the minimum rate, which in some States is prohibited by law, Mr. Ellis said that in one form or another a minimum was established everywhere, and ranged in each case from $1.50 to $2. This, he claims, is necessary, and could not be abolished without serious loss to the plant. Where a direct minimum rate is not fixed, he says, a charge is usually made for each lamp and called an installation fee. Mr. Ellis thinks that it may be possible to lower this minimum at some future day, but states positively that it could never be abolished altogether."

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

THREE KILLED; SIX INJURED.

LEGISLATIVE NOTES.

The Key West extension bill has been signed by Governor Broward. The House amendment added to the bill, which was certified to the Senate, is as follows: "Provided that any corporation, firm, person or persons constructing any new line of railway as provided for in this act or any previous act, shall neither have nor claim from this State any land or grant of land for such extension or for any part thereof from the mainland to the island of Key West, except the 200 feet on each side of the aforesaid railway, as provided in this act."

Although the educational bill was defeated, Senator McCreary, in urging his substitute, spoke at some length in regard to the East Florida Seminary, and said that this school had asked for no higher sounding name, but was satisfied with the one they now had. He said that institution was not a local one, and read figures showing the enrollment from various other counties as well as from other States and even foreign countries.

The special message of the Governor sent to the Legislature Wednesday on the drainage of swamp lands and the Everglades, is a very exhaustive and lengthy document, covering fully the situation from the creation of the trustees of the internal improvemept fund in 1855 to the present day. In conclusion the message says: "As a difference of opinion exists as to the necessity for such, a constitutional amendment, and as it is the purpose of the trustees to proceed with the drainage and reclamation of the 3,000,000 acres now under their control as speedily as possible, I also recommend in addition thereto, that a statute authorizing the creation of drainage districts by the trustees and the assessments of benefits and damages be enacted."

The Savannah News says that the toting of pistols in the South does more injury to this section than anything else, as it has a tendency to make people who would come here suspicious of these fellows. While this may be true and the carrying of concealed weapons a practice that should be stopped, the danger is not so great as might be thought. By avoiding the same class of people that are to be found North as well as South, there is not much danger of having the cold nozzle of a pistol shoved under your nose. The majority of people in this section are not "pistol toters," and especially those who have any regard for themselves, or are not compelled to mix with the lower class. Keep away from evil-disposed persons, who are found everywhere, and there is no danger.

The gang who style themselves "White Caps," and who reside in the State of Indiana, take the palm for low-lived meanness. A few nights ago they went to the home of a newly-wedded couple, took the man out and stripped him of his clothing, then submitted him to all sorts of indignities before his wife. And in this case there was no excuse for their contemptible actions. It was done because they outnumbered the innocent couple. For pure low-mindedness we commend the Hoosier "White Caps."

CHILD LABOR BILL.

The Senate committee on organized labor on Tuesday morning reported favorably, with amendments, on the Stockton child labor law. The amendments were suggested by the introducer, and merely substituted the Board of Public Instruction for the county commissioners. The amended bill is as follows:

"An act to prevent children under the age of fourteen years from working in any factory, workshop or mine in the State of Florida, and affixing penalties for the violation thereof.

"Be it enacted by the Legislature of the State of Florida:

"Section 1. No child under the age of fourteen years shall be employed in any factory, workshop or mine in the State of Florida during the school hours of the school term of his vicinity, unless he shall have obtained permission, in writing, to be so employed from the Board of Public Instruction of the county in which he may be a resident.

"Sec. 2. To entitle any child to the permission mentioned in Section 1 of this act, he shall establish to the satisfaction of the Board of Public Instruction to whom he applies for said permission that he is the main support of his family, or that he is dependent upon his individual exertions for his support.

"Sec. 3. Any person, firm or persons, general manager, superintendent or person in authority of any corporation, who shall employ or cause to be employed any child under the age of fourteen years in any factory, workshop or mine, as expressed in section 1 of this act, shall be guilty of a misdemeanor, and upon conviction shall be fined not more than five hundred dollars, nor more than six months in the county jail.

"Sec. 4. Every State Attorney or Solicitor of Criminal Court of Record is hereby empowered to bring before them any parent or guardian of any child under the age of fourteen years, for the purpose of taking their statement, under oath, as to the age of said child under employment, as engrossed in this act, and if said child is under the age of fourteen years, the said officer shall bring the matter before the committing magistrates, grand juries, or by information, and proceed to prosecute all offenders who employ the same.

"Sec. 5. The expression 'factory' means any premises where steam, water, electricity or other mechanical power is used to aid any manufacturing process there carried on. The expression 'workshop' means any premises, room or place, not being a factory, as above defined, wherein any manual labor is exercised by way of trade for the manufacturing for sale of any article, or part of article, and to which, or over which premises, room or place the employer of the persons working therein has the right of access or control.

"Sec. 6. That all laws and parts of laws in conflict with this act be and the same are hereby repealed.

"Sec. 7. This act shall go into effect immediately upon its approval by the Governor."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Two Men Die In Flames.

Duluth, Minn., May 5.—The Fifth avenue hotel in the wholesale district of Duluth was destroyed by fire at midnight. Three lives were lost and two men are missing. The bodies were recovered, that of John Myers and two unknown persons. A fierce gale made the fire fighting difficult. The hotel was a wooden structure.

Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

To cure Rheumatism, then, you must restore the kidney nerves and muscles, and neutralize the effect of the acid upon the joints and tissues with Dr. Miles' Restorative Nervine, a nerve medicine, which has made many cures of this painful disease. Nervine strengthens the kidney nerves and increases the circulation, and relief is assured.

"Before I took Dr. Miles' Nervine, I had been looking for a cure for Rheumatism for 25 years. The last time I was laid up for several months, could not get out of bed or set foot on the floor. I tried remedies to rub in, to drink, doctors' prescriptions, etc., but none of them had any effect. One day I read about Dr. Miles' Nervine and got a bottle. After the first dose I had a good night's rest, and after taking half a bottle the pains disappeared, and I went out and walked all around the town. In a week I went to work, and was perfectly cured, but continued to take the medicine for a time, to make sure the pains would not come back."

GAINESVILLE GETS ANOTHER MEETING

P. O. S. of A. Will Hold State Camp Here Next Year.

A BIG CROWD WILL COME

This Patriotic Order is Growing Rapidly in Florida, and Before Another Year Will be One of Strongest of Later Orders in the State.

Gainesville may be termed the Convention City for the coming year with impunity. The Grand Lodge of Florida, Knights of Honor, the State Medical Association and the State Camp of the Patriotic Order Sons of America will all convene here, which means that upon three occasions at least the city will be the center of attraction of the State.

At the recent State Camp of the Patriotic Order Sons of America, held in St. Augustine, Gainesville was unanimously chosen as the place for holding the next State meeting, which will convene on the first Wednesday in March, 1906. Inasmuch as this patriotic order is growing rapidly throughout the entire State, it is safe to assert that within another year it will be one of the strongest of the later orders in Florida, and Gainesville will make big preparations to entertain the visitors upon that occasion.

In addition to being honored as the place for the next State Camp, Washington Camp No. 8 of this city is proud of the fact that one of its members, C. A. Harrod, was elected State conductor, a very important position in the order.

THE CATHOLIC MISSION.

Meetings Attracting Great Deal of Interest—Free to Everybody.

The mission that is being held in St. Patrick's Catholic Church, East Main street N., for the especial benefit of non-Catholics, is attracting a great of interest. Many questions have been asked, and the answers seem to have pleased the questioners.

The lectures on the teachings of the Catholic church have been listened to with great attention by a large audience.

This mission is to last until Sunday, closing on Sunday night at 7:30. The subject to be discussed on Saturday night will be "Marriage in the Catholic church." At 10 o'clock a. m. on Sunday the very interesting services of the Catholic church will be held and the ceremonies explained to the audience.

The question box is still at the door of the church and all are invited to bring up their objections to Catholic belief and teaching.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." HAD CATARRH THIRTY YEARS.

Congressman Meekison Gives Praise to Pe-ru-na For His Recovery.

CONGRESSMAN MEEKISON PRAISES PE-RU-NA.

Hon. David Meekison, Napoleon, Ohio, ex-member of Congress, Fifty-fifth District, writes:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."----David Meekison.

ANOTHER SENSATIONAL CURE: Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peruna I am cured."—Jacob L. Davis.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

FRIDAY'S PICNIC.

Union Sunday Schools Enjoyed Fine Outing at Alachua Sink.

The Union Sunday school picnic, which was held at Alachua Sink Friday, was a grand success in every way. Ticket Agent Goodwin of the Atlantic Coast Line sold 552 tickets, which required two special trains in addition to the regular service to transport the crowd.

The day was all that could be desired, beautiful and clear, and it is needless to add that the young folks, as well as many of the older ones, enjoyed the outing immensely.

There was an abundance of good things to eat, as well as barrels of lemonade which was dispensed by M. B. Saunders and Ferd Bayer free.

In all, the picnic was one of the most enjoyable of recent years, and picnickers returned a tired but happy set.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

A Fine Picture.

There is in the studio of Jas. F. Smith a life-size mezzo ink tint portrait of a popular lady of this city, which is the most life-like and natural we have ever seen. This work of art is the result of Mr. Smith's ability. He is one of the finest artists and photographers in the country, and the people of Gainesville and vicinity show their appreciation by extending a liberal patronage.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Tampa still has a bargain or two in hotels.

Live Oak's trolley franchise has been granted.

The vicinity of Eustis is developing into a potato country, and good yields are reported.

Orlando will soon have her peat factory in operation. There is nothing equals peat for a grate fire.

Two robberies in Pensacola Wednesday night netted the burglars $95 in cash and a quantity of jewelry.

The Atlantic Coast Line will expend $50,000 on improvements of the shops, transfer shed, round-house and yards at Lakeland.

The railroads will all give reduced rates to Jacksonville May 9 to 12, on account of the Florida State Horticultural Society meeting.

A $75,000 library building as a memorial to Robert Burns, to be erected at Jacksonville, is being agitated by the loyal sons of the Land o' Cakes.

The Patriotic Order Sons of America, which closed its State meeting at St. Augustine Wednesday, will hold the next State session in Gainesville, May, 1906

The proprietor of the Escambia Hotel at Pensacola was fined $500 in the criminal court, for renting a room for gambling purposes. He put up the money.

Ocala high school will have five "girl graduates," but the date of graduation exercises must be wrong. Possibly May 19, instead of as stated in The Star—79.

Madison's stores will close every afternoon at 5:30, except Saturday. St. Augustine merchants will give their clerks a half holiday every Thursday. The daily paper man has Sunday as a day of rest.

Mrs. R. B. Spratt, a well known and highly respected resident of Palm Beach, aged about 55 years, committed suicide by drowning in Fresh Water Lake. She leaves her husband, son and a daughter. No cause is assigned for the deed.

The Citizens' Bank and Trust Company of Tampa has installed an electric system that gives an alarm to police headquarters, the president and board of directors when a burglar tries to blow up the safe. It makes no alarm when the cashier gets away with the "swag."

Dropped from Bankers' Roll.

New York, May 5.—The executive council of the American Bankers' association at a meeting here has ordered that the name of F. G. Bigelow, the former president of the First National Bank of Milwaukee, who was once president of the association, be erased from the list of ex-presidents. It was also voted to order that Bigelow's photographs be removed from the group of presidents which is used on the association literature.

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. The Dynamo of the American People

We are a race of workers.

Work requires brain, nerve, energy.

We glory in achievement.

To work and work with might and main, good food is absolutely essential.

Although nearly every one eats soda crackers sometime, yet there are a few people who do not consider their true value as an article of daily food. But it is now a recognized and established fact that the soda cracker contains the most tissue, fat and muscle forming elements of any article of food made from flour.

Great as is the value of the common soda cracker, yet it is small in comparison to **Uneeda Biscuit**—the most wonderful soda cracker ever baked, and of which nearly 400,000,000 packages have been sold.

Uneeda Biscuit, the food of power, transmitting as they do the elements so vital to our well-being, may in very truth be called "The Dynamo of the American People."

NATIONAL BISCUIT COMPANY

Seven Wounded By Cossacks.

Lodz, Russian Poland, May 4—Seven persons were fatally wounded by a Cossack patrol yesterday evening wired into the midst of a crowd engaged in singing patriotic songs in front of the church of the cross. A number of bullets entered the church doors and struck the altar, causing an exciting time among the congregation. After the crowd had been dispersed, workmen captured a detective and beat him nearly to death before he was rescued. Further disturbances are anticipated today.

Texan Absconds with $12,000.

Laredo, Tex., May 5.—Martino Gonzales, agent of the National Express company at Saltillo, Mexico, is missing, as is also a package said to contain $12,000 currency. Both the agent and the money disappeared on April 30. The police are diligently searching for the agent. It is not known whether he is a fugitive or whether he met with foul play. He has always enjoyed the fullest confidence of the company.

Fire at Greenville, S. C.

Greenville, S. C., May 5.—Fire which broke out about 8 o'clock last night in the millinery department of the dry goods establishment of the J. T. Arnold Company, completely gutted the store. The store, which is valued at $60,000 is almost a complete loss, with about 50 per cent insurance.

The origin of the fire is a mystery.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Collar Factory Hands Strike.

Troy, N. Y., May 5.—A crowd which at times numbered four or five thousand persons surrounded the collar factory of Cluett, Peabody & Co., yesterday, where a strike has been inaugurated by the collar workers. Disturbances were frequent. Girls still at work were kicked and beaten as they entered or left the factory, and several women had their clothing torn off. Police and deputy sheriffs were called for and there was talk of calling on the govtrnor for assistance. The strike is against alleged cuts in wages and the installation of starching machines.

SIX MEN ARE DROWNED.

Fishing Schooner Sinks Off Florida Coast During Hurricane.

Pensacola, Fla., May 5.—Fishing vessels arriving here report that the fishing schooner Florida was lost in a hurricane near Campeachee banks, about ten days ago, and that the entire crew, consisting of six men, went down with the vessel. The schooner was owned and sailed out with a number of other vessels on the morning of April 5, bound for snapper banks.

She had about concluded her fishing when a hurricane came on about 10 o'clock at night. There were 12 or more vessels of a similar character anchored in the immediate vicinity and each parted its cable and went adrift. Some of the fishermen of the other vessels saw a big sea strike the Florida. Her lights swayed to one side and then she went down.

Two of her small boats were later picked up by another fishing schooner between Galveston and New Orleans.

Negro Narrowly Escapes Lynching.

St. Louis, May 5.—Peter Hubbard, a negro aged 22, was placed in the jail at Clayton, a suburb today, after having escaped lynching twice in 24 hours for having it was alltged, entered the room of Miss Myrtle Bennett, by whose father he was employed. At two different times, crowds caught Hubbard and were preparing to lynch him. The first time cooler judgment prevailed and he was told to leave the country, the second time before dawn today. A night watchman saved him by prevailing upon the crowd to let the law take its course and Hubbard was placed in jail.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneysare weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PAIR KEEP DEATH COMPACT.

Man and Wife Kill Themselves Under Pitiful Circumstances.

Blackpool, England, May 5.—The bodies of Robert Rushton Shaw, an Englishman, who formerly lived at Burnley and inherited a small fortune from his father, and his wife, Elizabeth, to whom he was married in Philadelphia about five years ago, were found in a field in the suburbs of this town early today. Both had been shot and there was a revolver beside the bodies. It is believed to be a case of double suicide, though no reason is known why they should have taken their lives.

The tragedy unfolds a pitiful story. After five years' of happy marriage, it is alleged, Shaw discovered a fortnight ago that his wife was involved in an intrigue two years before her marriage.

Shots were heard and the bodies were discovered. Each was shot through the mouth, the indications being that it was by mutual agreement, the woman having carefully removed her hat and placed it beside her husband's on the grass.

CHARGED WITH HEINOUS CRIME.

Negro Is Arrested for Attempted Assault on White Woman.

Thomasville, Ga., May 5.—Jack Miles, a 20-year-old negro, was jailed here, charged with attempted assault an Mrs. Belle H. Parker, of Chicago, on March 21. The crime occurred at "Wildwood," the southern home of Captain H. Thorndee, a Chicago millionaire.

Mrs. Parker was in the room, when a bullet crashed through the glass, 2 inches from her head.

Officers claim they have indisputable evidence to convice Miles, and say his motive was to drive John R. Knowlton, the woman's father, from "Wildwood." Other negroes are implicated in an organized conspiracy to this end.

The commitment trial takes place on Thursday.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Young Isbell Commits Suicide.

Birmingham, Ala., May 5.—Livingston Isbell, who was found dead in his bed at Coal City Wednesday was the son of the late Thomas Isbell and a grandson of James Isbell. The winchester rifle lying by Isbell's bed showed that it was suicide. The young man was about 35 years old. The motime for the act is not given. He was in Talladega Saturday night and went to Coal City the same evning. He was found Monday morning dead with the upper part of his head blown off. The body was brought to Talledega and will be interred in the family burying ground.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Bill Nye's Home Is Sold.

Charlotte, N. C., May 5.—Buck Shoals, the home of the late "Bill" Nye, situated on the French Broad river some 12 miles from Asheville, N. C., and made famous by the writings of the lamented humorist, has been purchased by Mrs. Sophie Harrison-Eastman, of Chicago, sister of Carter Harrison, for seevral terms mayor of the Windy City. The property was purchased from Mrs. P. V. English, of this city, who bought Buck Shoals from the Nye heirs a short time after Nye's death.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

Springfield, Tenn., June 11, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. F. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted. H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

T. B. Stringfellow of Jacksonville was at the Brown House yesterday. Mr. Stringfellow was en route home from Alachua, where he attended a stockholders' meeting Thursday of the new ice company, in which he is heavily interested.

T. J. Capers, an old Gainesville boy, but now making his headquarters at White Springs, is greeting old friends and selling old customers here. Mr. Capers is the clever and successful traveling representative of Stern & Co., shoes, Boston.

Deputy United States Marshal Bishop of Ocala departed yesterday for that place with Wesley Hall, whom he arrested here Thursday upon a charge of selling liquor without United States license. Hall will be arraigned before the United States commissioner.

The water committee of the City Council, in compliance with instructions of that body at the last meeting, has placed an order for 200 meters for immediate shipment. As soon as these meters arrive they will be installed, which will no doubt mean plenty of water for all "any old time," as well as water for fire protection.

The Sun is under obligations to "Sunny Jim" Robinson of Ocala for an invitation to be present at the annual meeting of the Florida Elks Association which will meet with Ocala Lodge No. 851, on Wednesday and Thursday, the 17th and 18th insts. An interesting program has been arranged, concluding with a trip to Silver Springs and down Silver Springs run on Thursday afternoon.

The Gainesville Fruit and Produce Exchange is the name of a new concern which will begin business in this city today at 106 West Main street S., in the store recently vacated by J. W. McCollum & Co., and of which Theo Hudgins will be manager. As the name indicates, the nature of the business will be the buying and selling of fruits and produce of all kinds, wholesale and retail. The first consignment of fruit, including a solid carload of bananas, was shipped from Tampa Thursday, and is expected to arrive here today. Having a buyer in the markets, Mr. Hudgins states that his firm will have the advantage in the matter of selecting choice fruit of all kinds.

W. L. HILL & W. B. HIGDON,
Special Agents The MUTUAL Life Insurance Co. of New York,
GAINESVILLE, : : : FLORIDA

E. D. Stanford, special agent of the United States land office, has returned from an official trip covering a period of several weeks to points in the vicinity of Cutler, Dade county.

The wife of Moses Parrish, porter at the Atlantic Coast Line depot, died Thursday evening, after an illness of several days, and the funeral will be held today. She was an industrious person, and had many white friends who regret her death, and who extend sympathy to the husband and children.

Dr. Naff, a prominent dentist of Jonesboro, Tenn., arrived in the city Thursday for the purpose of accompanying his father, Col. A. F. Naff, on his return home. It will be remembered that Col. Naff, who is a special agent of the United States land office, was stricken with paralysis a few days ago, since which time he has been confined to his room. He left with his son yesterday, however, and it is hoped that the change of climate will prove beneficial to him.

A DEMENTED WOMAN.

Annie Stokes, Colored, Adjudged Insane Friday Afternoon.

That Annie Stokes, a colored woman who has been engaged as cook at the Easterlin home, 207 West Orange street, for the past few months, is demented there has been no doubt for the past few days, and this belief has been verified by a competent examining board, who on Friday afternoon adjudged her insane.

Mrs. Easterlin states that the unfortunate woman has been acting strangely for the past few days, gradually growing worse. Up to a week ago she has been a faithful worker. It was about that time she began to show symptoms of insanity, going out into the yard and making play-houses. She imagined the yard was full of snakes, and, armed with a big stick, would pound the ground fiercely, wildly ejaculating and murmuring to herself. On one occasion she labored under the hallucination that a colored boy employed upon the place was an imp of his Satanic Majesty who had come after her, when she threw a hatchet at the lad, missing him only a few inches. She became so violent that Mrs. Easterlin was compelled to make application for her confinement, and she is now in the county jail.

A guard from the State Hospital for the Insane at Chattahoochee is expected after this unfortunate subject in a day or two.
